Motivated Full Stack Web Developer and will graduate from the University of Utah Full Stack Web Development Course. 14 years of experience with designing, developing, and implementing applications for hospitals at 3M Health Information Systems using a variety of programming languages. I also have an extensive clinical background. I seek a career where I can apply the skills I have learned in my study of full-stack web development, and become an asset to the company where I will collaborate with and continue to grow.
